Dealing with Infectious Diseases: COVID-19 (Coronavirus)

Periwinkle Preschool is committed to providing a safe and healthy environment that reduces the chance of being infected or spreading COVID-19. In recognition of the rapid spread of this disease and the ongoing release of information from authorities, our service needs to respond swiftly and correctly to advice from authorities.

Goals

Periwinkle Preschool will apply measures that prioritise health and safety measures, including:

- Implementing vigilant hygiene practices that prevent the spread of infectious diseases, including COVID-19
- Encouraging good health and sanitation
- Monitoring sources of public health information
- Implementing all measures recommended by authorities and
- Educating and informing our community with current and trusted information.

Strategies

Practices to reduce the chance of being infected or spreading COVID-19 will include:

- Regularly and thoroughly cleaning hands with soap and water or an alcohol-based hand sanitiser.
- Encouraging children to avoid touching eyes, nose and mouth as much as possible.
- Following good respiratory hygiene, when coughing or sneezing:
 - cover mouth and nose with bent elbow or tissue and
 - dispose of the used tissue immediately and
 - wash hands with soap and water or, if water is not available, use hand sanitiser
- Excluding children or staff who are unwell and reasonably suspected to have a communicable disease from the service until they are cleared by a doctor to return.
- Restricting excursions during this heightened risk period and conducting risk assessments prior in consideration of:

-the latest advice from the Australian Health Protection Principle Committee (AHPPC) and

-and those at high risk such as those with medical conditions.

Should there be any concerns regarding the health of a child at the service, families will be asked to seek medical attention. Further guidance may be sought from Healthdirect on **1800 022 222**.

Cleaning and hygiene

Our service maintains a clean and hygienic environment. During any infectious disease outbreak, routine environmental cleaning is increased in frequency, particularly on high-touch surfaces such as door handles, tables, light switches and bathroom areas and any toys/ surfaces which may have been mouthed or in contact with bodily fluids.

Surfaces are cleaned to reduce any soil, then disinfected to remove germs.

Further advice regarding infectious cleaning will be sought from the local Public Health Unit should there be any direct concern regarding the exposure of COVID-19 at the service.

Service of food and water

Our service follows strict food preparation and handling procedures, including properly cooking food and following good hand hygiene.

Our service will follow any direction from the local Public Health Unit in relation to changes in food preparation procedures or water quality.

Keeping Informed

In recognition of the rapid and consistent release of information related to COVID-19, our service will refer to reliable authorities daily. Advice, directions and guidance will be:

- communicated to staff and families immediately and
- followed accordingly
